CHICAGO'S PREMIERE LUXURY KITCHEN, BATH, CLOSET AND FURNISHINGS SHOWROOM

OPEN THE DOOR TO GREAT DESIGN

210 Design House is a studio full of expertise, inspiration and ideas; a curated collection of the highest quality Italian and American cabinetry and furnishings brands; and a beloved family business that has been creating luxury kitchens, baths and beyond for nearly 3 decades.

From single-family homes to multi-family highrises, we marry inspired design with seamless functionality and on-time delivery – and we'd love to welcome you to a new way of realizing the project of your dreams.

LUXURY EUROPEAN FURNITURE

NEXT-LEVEL STYLE

Founded in Milan in 1947 by automotive engineers and a young architect, Arflex has always been a leader in both design and materials, bringing new forms to life as furnishings that represent the best of Italian design. Many of Arflex's designs are considered modern classics – in fact, their pieces grace the collections of museums around the world, including New York's Museum of Modern Art – and their collections continue to set the standards of style, quality and livability.

WORK WITH US

PARTNERSHIP BY DESIGN

Our job is to bring personalized style, ultimate comfort, livability and longevity to every project — whether a single family home or a luxury high rise with hundreds of units. Our collaborative process fits seamlessly into project teams that include interior designers, architects and developers, helping to master project goals and timelines while reducing stress for all involved, every step of the way.

PROCESS

Our process is grounded in the 210 experience: seamless, professional service; perfect-fit solutions; and inventive designs of timeless beauty and longevity. We work to establish a deep understanding of client needs and lifestyle, and work within budget to reach an end result that goes beyond expectations – truly enriching our clients' lives at home.

**DESIGN CONSULTATION**  
Our goal is to design a space that will be a source of pleasure for years to come. To start the design process we first work to gather project requirements, then work to understand the vision of the overall project. We develop thoughtful initial plans and pricing, offering options in layouts that touch upon each client goal.

**PROJECT MANAGEMENT**  
We manage every step of the design and delivery of your cabinetry, giving special attention to the process of specifying and ordering, closely following production times and schedules and ensuring quality work and flawless execution.

**INSTALLATION**  
When something's done right, people notice. But when something is created with flawless precision, people see, feel and experience the difference. Our showroom-certified installers bring ease to the often-tricky installation process. Their 210 experience and training means you can be comfortable in the knowledge that your project will be done right.

**QUALITY, GUARANTEED**  
We are committed to quality in everything we create, and utmost integrity in our relationships – which is why we've been working with the top selection of designers and developers for nearly 3 decades. All products are backed by manufacturer's warranties and our commitment to excellence.

OPEN TO THE PUBLIC AND TRADE

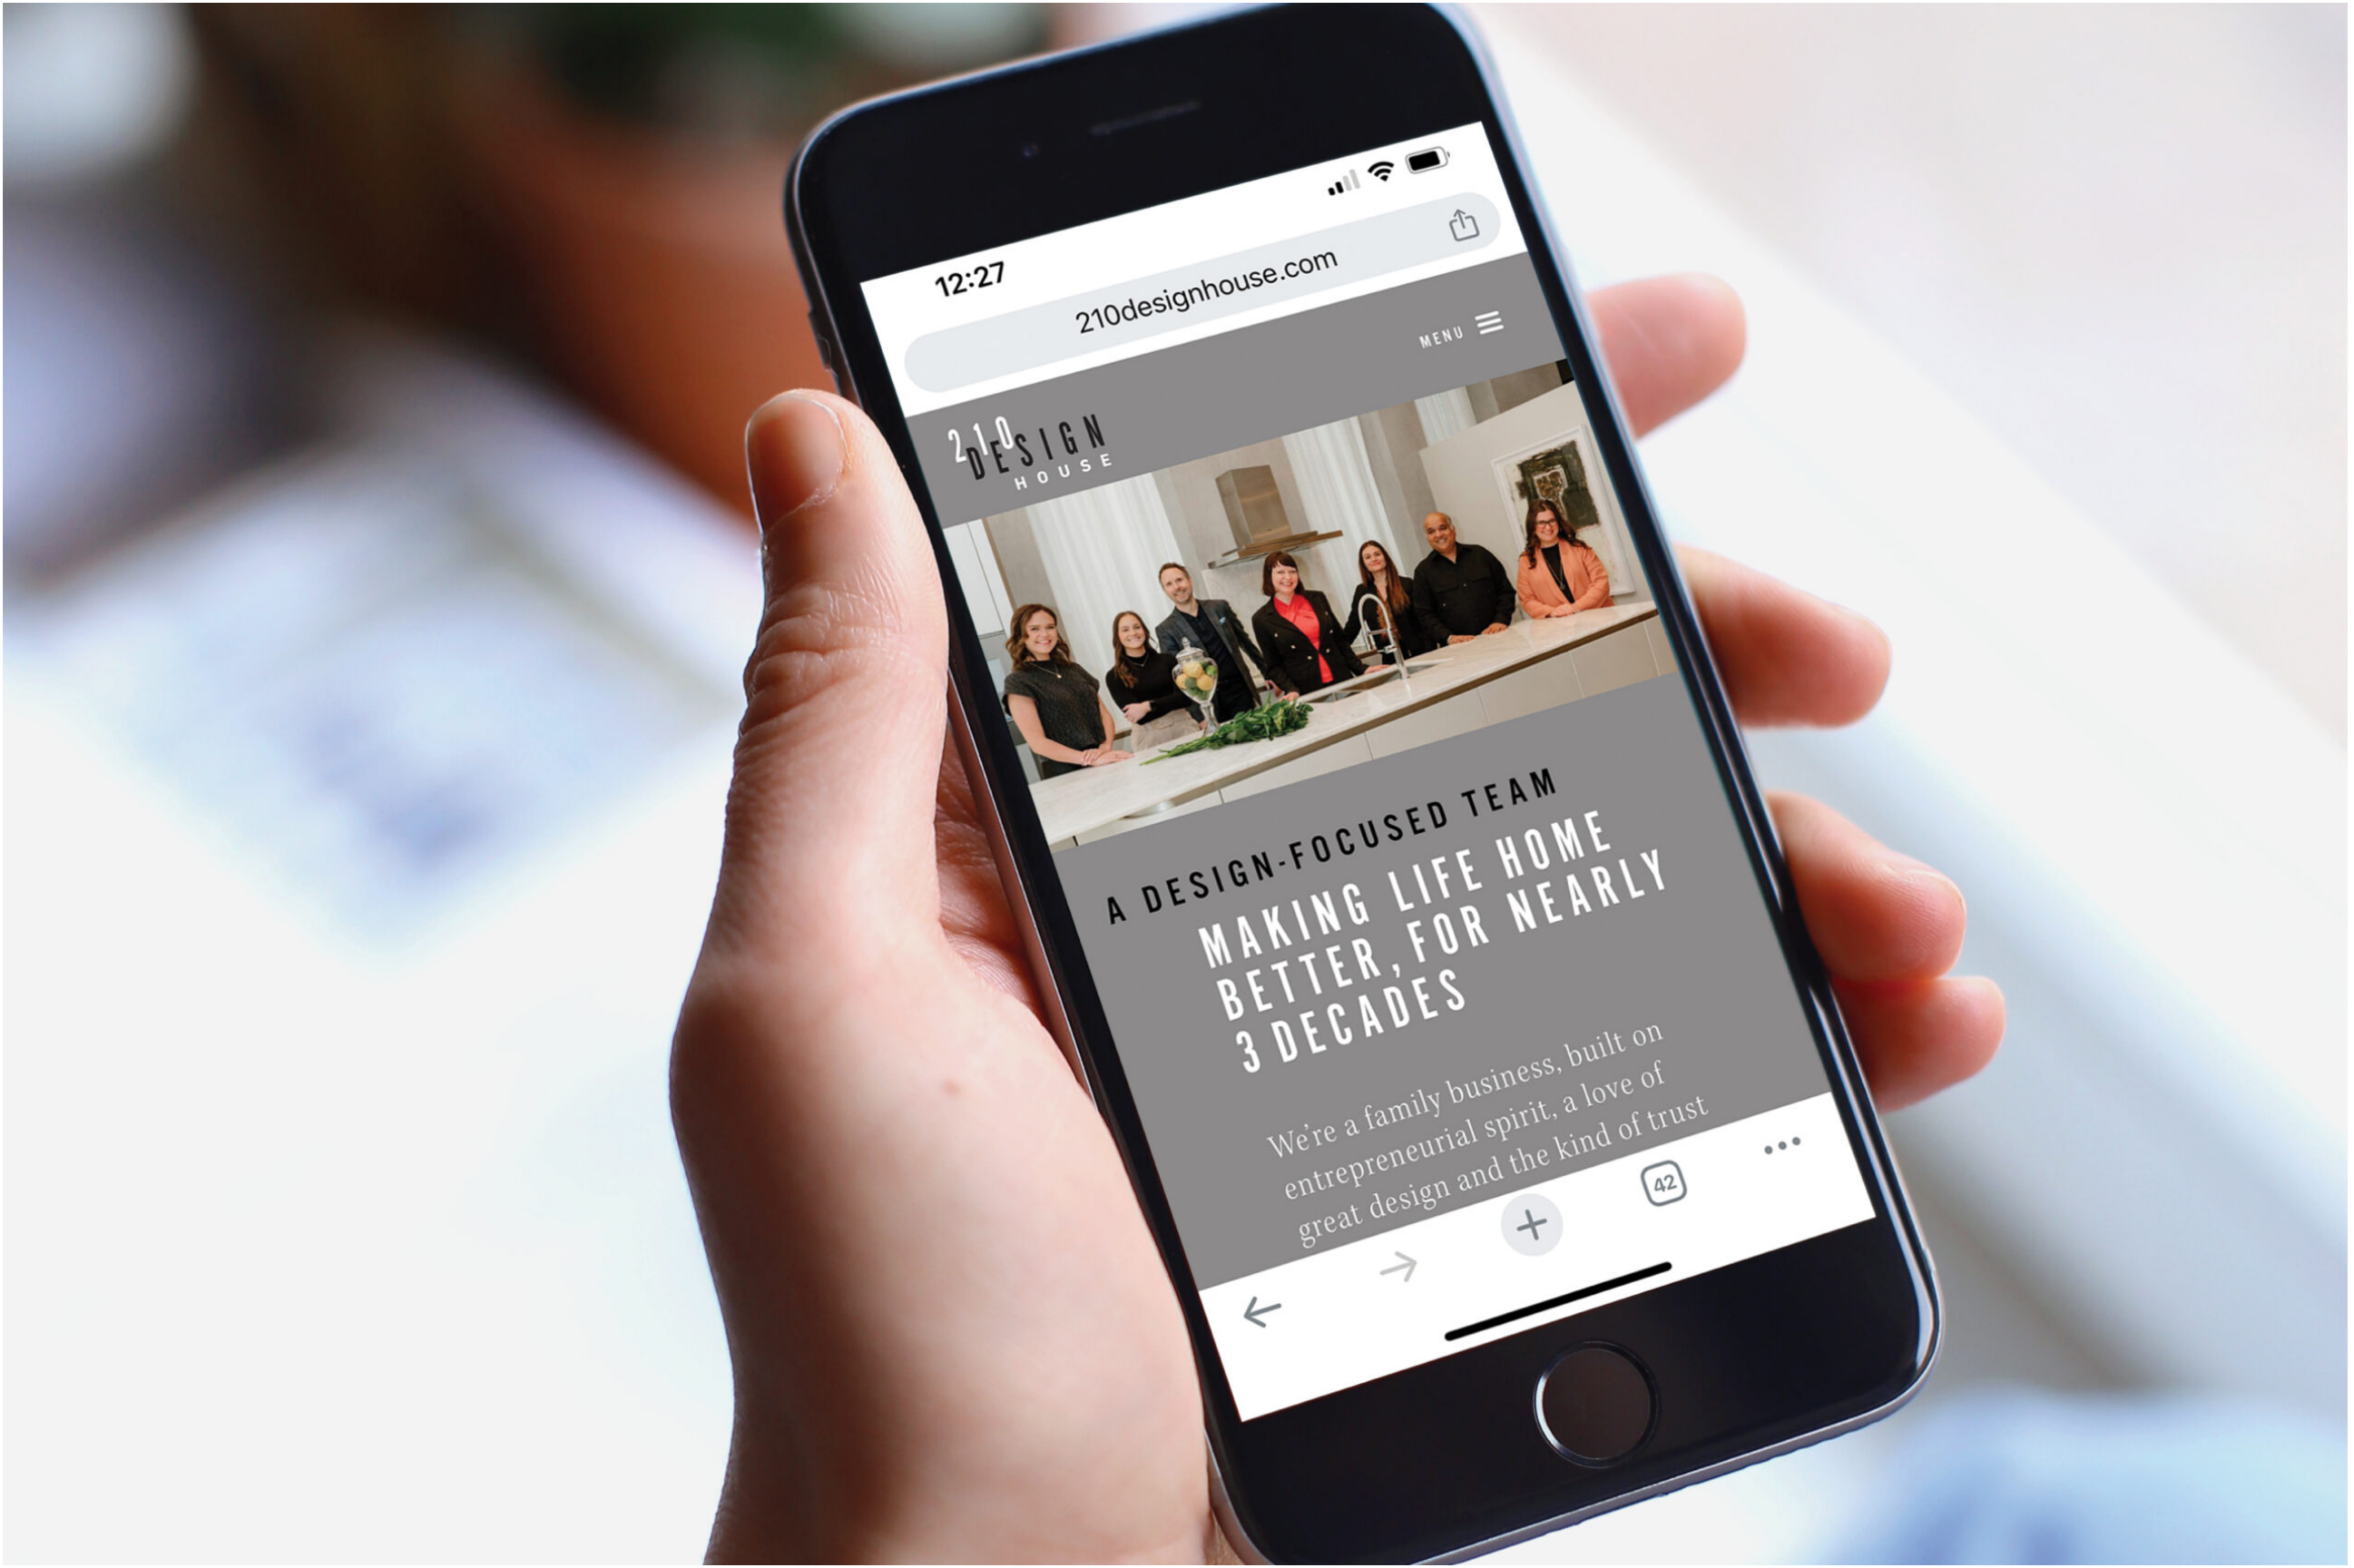

Our experienced team is eager to consult on individual projects for discerning homeowners and large scale multi-residential units.
